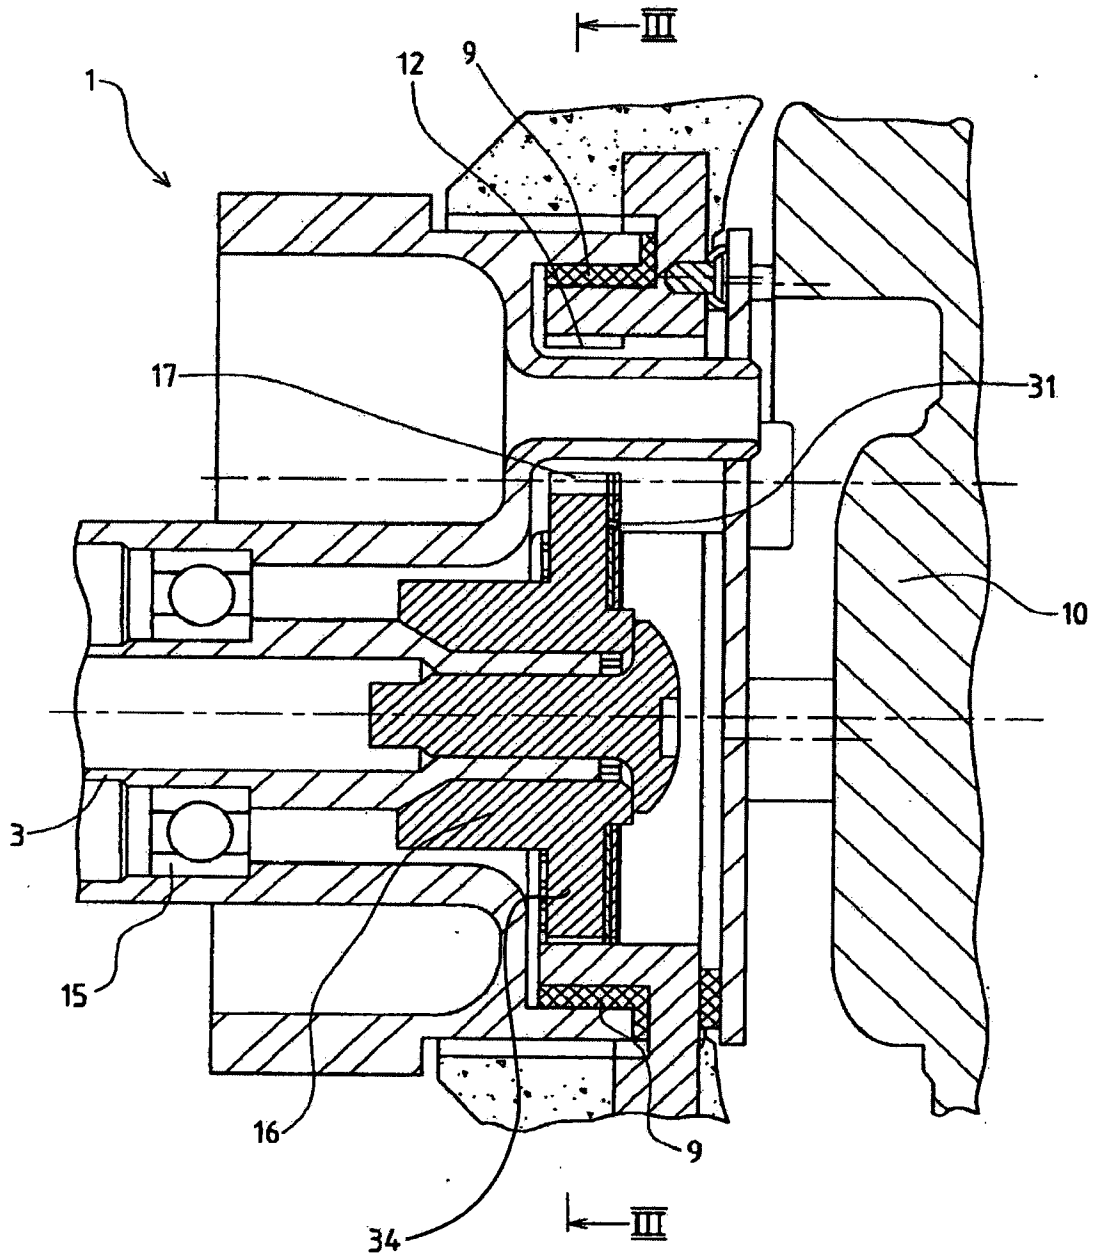

FIG 2

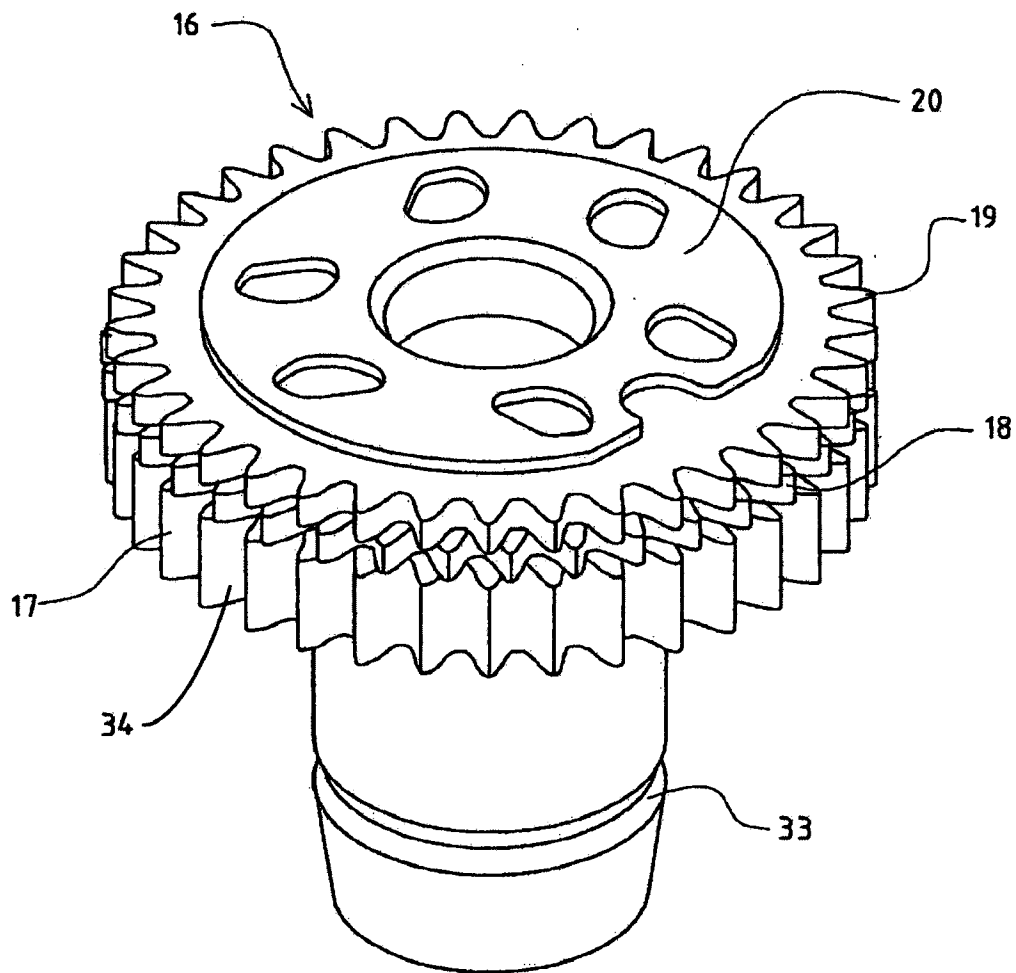

FIG 4

FIG. 1 is a perspective view of a circular base plate 20. The plate features a central circular opening 30. Surrounding this opening is a raised rim 29. The plate is perforated with several elongated slots, with labels 27 and 28 pointing to specific ones. The plate is shown from an isometric perspective.

A cross-sectional view of a mechanical assembly. The assembly features a central vertical component with a series of vertical ridges or fins. This central component is flanked by two side components, each with a complex, stepped profile. The side components are secured by bolts or screws, labeled 18 and 19. The central component is labeled 30. The side components are labeled 31 and 32. The bolts are labeled 33. The central component is labeled 34. The side components are labeled 17.
